33rd Annual PNAA Convention

The latest buzz this month was the highlight of events during the 33rd annual PNAA convention in San Antonio, Texas. PNAMH-NORTH CHAPTER delegates with the leadership of Eillen Luster and

Lilibeth Williams had a satisfying moment during the conference. For me (ANG KA HANGA HANGA AND NOT NOTICIABLE BY MANY) was the presence of a 91 yr. old delegate, Dr. Adele B. Campos, a founding adviser and consultant of PNAA. Elisa Diozon RN, one of our lucky delegates mesmerized with her personal interview. She commented Dr Campos is a very inspiring example & perhaps proud to share her experience talking to her all night. My hat's off to Eillen and Lilibeth as part of South Central dance presentation during the networking night. The group electrified the crowd with shockwaves of style and landed the night with first runner up award though others commented they are the real winner with their super semi Cirque De

Soleil Performance. Again PNAA shined as we saw delegations from East to West coast area chapters. Truly we are only one body with many parts. Each region gave their best shots during the night and every presentation considered a winner. During the networking event, everyone's attention focused on the "PNAA FORGETS GANG" singing O llaw Sa Gabing Madilim---that was an awesome number, everybody gave these oldies a standing O.

The north Chapter delegates who attended the seminar Eilllen, Lilibeth, Gertrude, Rosie, Lito, Emy, Elaine, Lina, and Eliza wish to duplicate the attendance in Ohio next year. For them, this was a thrilling experience and difficult to forget. To our New PNAA Executive Director Merlita Velasquez ,Pam Windle,Vice President of South Central Region, Grace Font and Riza Mauricio, our stellar for PNAA - rest assured our full support to all and GOD BLESS. Our minds are now full of engagement, transformation, success, and strategy, synergistic, sustainable and social actions

Lastly to significant others Mike Luster, Jeff Williams, Eric Vasquez, and John Villamor thanks for all your support as part of the success of the PNAMH NORTH Chapter.

DON'T MISS OUR FIRST FALL SEMINAR

**“Multidisciplinary Collaborative
Cardiovascular Care: An engaging approach
to changing to Changing times”**

Cardiovascular Seminar 7 CEU's

Our very first Fall seminar is just around the corner. The Education Committee Chairman led by Ludy De Leon lined up the experts in the cardiovascular service line. Dr. Anecita Fadol, Dr Ohara, Dr Khan, Riza Mauricio, Denise McNulty, and Wendy Frodge. Save the date: September 29, 2012 at 0730 –1700 Methodist Willowbrook Hospital. Talking points on Post operative Care of CV surgeries from ICU to discharge; Women and Heart Disease; Latest Heart Failure Guidelines and Hypertension Management, ABCDE Bundle, and EKG Dysrhythmias are the carefully selected topics offering a total of 7 ceus.

With the changing healthcare trends, nurses play an important role in giving a comprehensive discharge instructions , meet

all quality standards prior to discharge. It is more important than ever that nurses have understanding of disease management, understand disease prevention, and guide and lead in the implementation of evidence based practices and guidelines. More than ever, Nurses with up to date skills and knowledge will be expected to lead our patients and the community to the future of healthcare.

Congratulations Cristina Dimafelis for advancing to RN III. She also recently passed the CVRN national certification. Tina is definitely on the pathway to Nursing Excellence. Way to go Tina!
